Dear FOIA Office,

I sent an email to the following emails, nsapao@nsa.gov, selinux-team@tycho.nsa.gov and history@nsa.gov on August 28, 2015 but about a minute later it bounced back so I don't know if it was delivered as I never received a reply from anybody.

Attached, please find the copy of the email I sent along with the bounced back email.

Can you tell me, is there a way to find out how many times the Secret Service (the individuals) accessed my email address, hpchck@gmail.com and when? I need these for court, I believe some of the individuals that accessed my email, both male and female are anti semetic, they've been cyberstalking me long term and hacking my email, using their jobs to commit these crimes since 2008. There were hate crimes that were committed and they watched while this was happening and did nothing as law enforcement. They are suppose to intervene and help not ignore and hope that I die, so since I'm not dead, I'm gonna be suing these people as they are a threat to my life as well as my bank account, I believe they plan on forging documents to steal my money, I'm gonna be going to Federal Civil Court against the FBI/DOJ in regards to these hate crimes and they are hoping to steal my settlement money by forging documents and going into the bank and just taking it. Real law enforcement would have alerted the FBI in regards to the hate crimes not sit and watch to premeditate crimes of their own. The only way to prevent this is to sue them in Federal Civil Court as what they are doing under the guise of their jobs is really against the law, it's intent. You can't have a job like this and break laws, so I'm gonna enforce those laws so they can't harm nor hurt me ever again.

Here is some press releases to educate yourself on these people:

<http://www.usatoday.com/story/news/2015/03/30/federal-agents-charged-with-stealing-bitcoin-from-silk-road-case/70672058/>

<http://www.nbcnews.com/news/us-news/ex-secret-service-agent-plead-guilty-silk-road-bitcoin-theft-n379416>

<http://www.nbcnews.com/tech/internet/ex-secret-service-agent-admits-stealing-820k-bitcoin-silk-road-n419186>

<http://www.bbc.com/news/technology-34114483>

I think these individuals on purpose ignored these hate crimes of the present and possibly told the FBI and DOJ to ignore my letters so that I would have no alternative but to go to Federal Civil Court so that I would get a settlement cause the FBI and DOJ are liable and they would steal it, long term premeditated theft. I was in the process of coming forward to sexual abuse and hate crimes that occurred in 1998 with this church when these hate crimes occurred. It's actually against the laws of this land to do what the FBI and DOJ did, which was ignore, negate and prevent me from reporting these hate crimes not to mention weird.

Attached, please see my letters to the FBI and DOJ and the one response I got from the FBI/DOJ.

My damages are over 1 billion dollars, in the range of 5.4 billion to 10 billion, the Secret Service are well aware of this. I think they figure they can hack my bank account and transfer the money to BRICs which is a new banking system outside of the USA, BRIC stands for Brazil, Russia, India and China. I believe they don't have to adhere to the laws of the USA, so they figure they'll just transfer that money and leave this country, something you would see from a movie.

<http://www.washingtonpost.com/blogs/monkey-cage/wp/2014/07/17/what-the-new-bank-of-brics-is-all-about/>

And they figure I was a victim in 1998 and because of these recent hate crimes, what's one more. I don't trust these people and my guts and instincts tell me they have abused their positions of power and have committed other crimes from their jobs including the rape of women and men, and their victims will never come forward, too scared to report it, they have access to their victims emails, so they gage after the crimes to ensure it never gets reported and nobody will ever know.

There is nothing in place now to detect and handle abuse and crimes of all Law Enforcement within the USA, so it's pretty much open season. The only reason the bitcoin secret service agent got caught was cause it cut across another investigation, if that never happened, nobody would have ever known.

Any help is most appreciated.

Thank You,

Washington, D.C. 20535-0001

February 11, 2014

My name is Kathy Gold, full name Kathleen Marie Gold. My address is 11100-8 Sepulveda Blvd, #512 Mission Hills, CA 91345 and my phone number is (818) 235-6370.

Today, 2/11/2013 I called the FBI local office on Wilshire. I spoke to a gentleman last night on the phone regarding starting some investigations into several crimes. I wanted to find out if I could burn the information on a CD and send that because it would cost me like \$500.00 or more to get it printed out in kinkos, he told me to call back today and talk to the duty desk to find out if I can do that to save my money.

When I called this morning, I was talking to an operator, in the middle of our conversation the phone went dead. So I called back and everytime they answered, the phone would go dead again. This happened several times. I finally called the main office and they rerouted the call.

The woman that answered was operator 124. She was rude and mean. She started yelling at me because I couldn't tell her exactly what crimes were committed. I have more then one incident. I was the victim and I'm not law enforcement so I don't really know.

I tweeted the local FBI office letting them know.

I also told operator 124 that I tweeted the President of the United States of America to let him know my side of the story and she didn't care.

Please reprimand operator 124 as she was extremely insensitive and there is no reason to be mean and yelling at victims of crimes.

On a different note, maybe you can route me to the correct person or persons who can tell me how to proceed.

The two different situations are:

The Church of Scientology and it's management team, I've put up a website [Scientologyforyou.info](http://scientologyforyou.info) to describe in detail what occurred to me including the names of the people that were directly involved in this crime/crimes.

http://scientologyforyou.info/scientology_my_story.html

http://scientologyforyou.info/My_Induced_Meltdown.html

http://scientologyforyou.info/Ops_Run_On_Me.html

The other is Doreen Doshay Russell, who read my story and proceeded to destroy my life because I'm a

scientologist and a victim of this church and it's management team.

I'm going to court in Small Claims on February 20, 2014 against Doreen Doshay Russell, but I have incurred more damages then small claims court allows and she also stole my art so I don't know what the future damages will be, I only know what she prevented and that is from me doing my dream of making my graphic novel into a movie.

Dear Ms. Gold:

Your complaint letter dated February 11, 2014, to the Initial Processing Unit (IPU), Internal Investigations Section (IIS), Inspection Division (INSD), Federal Bureau of Investigation, was reviewed. The IIS/INSD is the FBI entity responsible for investigating allegations of serious misconduct or criminal activity on the part of FBI employees.

In your complaint, you advised you called a local FBI office to find out if you could burn information on a CD which contained information regarding several crimes in the hopes of the FBI opening an investigation. You stated the operator was rude and mean, and that the operator yelled at you because you could not tell her what crimes were committed.

The purpose of this letter is to inform you the IPU/INSD has reviewed your allegations and has determined this matter does not warrant the initiation of an administrative investigation in that there is insufficient evidence of FBI misconduct. Therefore, no further action will be taken by this office.

Sincerely,
